#### Summary

Passionate full-stack engineer with 11+ years of hands-on experience in developing scalable websites/applications using a wide range of front-end and back-end skills like HTML, CSS, Javascript, PHP, MySQL, laravel framework, angular framework, and etc. I developed 30+ websites/applications from scratch in the areas of financial, accounting, treasury, customer relationship management, and warehouse management. I am interested in knowledge sharing, exercising, and game playing.
